LAW FOR JUDGE AND LOWE FOR DIST. ATTORNEY

Republicans Meet in Judicial Convention and Name Strong Candidates On Ticket

The Republican Judicial Convention of the First Judicial district of the State of Utah was held in Logan yesterday morning. Rich, Box Elder and Cache counties were represented with 4, 25 and 39 delegates respectively.

H. A. Pederson, county chairman, announced Judge W. W. Maughan, as temporary chairman and John A. Beck as temporary secretary. The chairman made a preliminary speech, thanking the convention for the honor conferred.

Judge Maughan hailed the present district judge as one of the shrewdest politicians in northern Utah. An appeal was made for party unity and party harmony, party members submitting humbly to the will of the majority.

At this point the temporary officers were made permanent. A fifteen minute recess was taken while the credentials of delegates were compiled. Upon reassembling Secretary Beck read the list of credentials.

When the call for nomination came, Attorney A. E. Bowen, presented the name of Attorney A. A. Law as the Republican candidate for the office of District Judge. Attorney Bowen pointed to Attorney Law as a man who has an enviable reputation as a practitioner at the bar, and a man who is made up of excellent qualities to fit him for a judge. Attorney George Q. Rich heartily seconded the nomination of Judge Law. He spoke of the nominee as a man of integrity. The nomination was made by acclamation.

Attorney B. C. Call of Brigham City nominated Attorney William J. Lowe for District Attorney. He said the three qualifications which fitted his candidate for the position were his honesty, his capability and he is a good Republican. This nomination was made by acclamation.

The chairman of the three counties, Rich, Box Elder, and Cache, were elected to constitute the district committee to look after any vacancies which might occur and to look after the judicial campaign.

Judge A. A. Law was called upon for a speech. He thanked the delegates for the honor and confidence conferred by the convention. Attorney W. J. Lowe expressed his appreciation for the nomination. He said he never saw more interest in the Republican party in Box Elder county as at the present time and assured Cache county if it does as well for the Republican cause there is no question of the election results.

"Was your courtship romantic?" "A little bit. I met my wife on the 78th floor of an office building. We took the elevator together. At the 57th floor a minister got on. We enlisted him, eventually reached the ground floor, sent for a license and were married."

TAXPAYER WANTS PUBLICITY SO ALL MAY KNOW

Dear Editor:

I read with much interest the statement printed in your valuable paper given out by the city commission in the matter of why they feel that the city should be bonded for water and light. We are indeed sorry that they did not give us the information we so much needed in order to intelligently vote on this proposition.

We recall that more than 25 years ago we were asked to vote for bonds for city water. It was provided in the bonds that after 10 years an assessment should be levied each year to liquidate the said bonds but when the ten years rolled around the city council refused to comply with the agreement and the result was that at the end of 20 years they were obliged to renew the bonds for another 20 years. They had in the 20 years paid as much as the principal and still owed the principal sum. It will we think, be the same in this instance. Besides they are asking us to vote bonds for electric light improvement without giving us any statement showing that the plant is paying, how much it has paid, or an estimate of its future earnings if the proposed improvements are made. neither do they give you the present physical condition of the plant.

It is a well known fact that the pipe line will soon have to be replaced. The poll line in town must be replaced at an enormous expense compared with the plants earning capacity.

Isn't it a fact that the plant is in such a condition that it cannot continue its present patrons without securing more power and having the plant greatly improved.

We are at a loss to understand why, if the plant has paid, and we believe it has, that the net earnings have not been put to one side and thus be available for these repairs instead of calling on the tax payers to vote bonds.

If the money has been used after having paid taxes for years for its maintenance by the general fund, lets us the taxpayers, know how much it is so that we can vote intelligently tomorrow.

It is unfortunate that more publicity hasn't been given the public. They are entitled to know so that if the city government needs their vote they can get it willingly instead of voting as we must now do in the dark.

TAXPAYER.

MRS. HIBBARD DIED THURSDAY AT HYDE PARK

Mrs. Catherine Hibbard, an old and highly respected resident of this city, passed to her rest at the home of her grandson, Thomas Matkin, in Hyde Park, where she was visiting at the time on Thursday morning.

Mrs. Hibbard was the daughter of John and Sarah Mathews Morgan and was born January 13, 1833 at Glamorganshire, Wales, hence was over 83 years of age at the time of her decease.

She led a long, eventful and useful life of which we have not learned the details except that she was one of the early pioneers of this state, coming with one of the handcart companies. She was also one of the early residents of this city and county and shared the trials and privations incident to the settlement of a new country.

She was an active and faithful member of the Mormon church and raised an honorable family of seven children, all of whom survive her.

Funeral services will be held at 2 o'clock this—Saturday—afternoon, in the First ward pavilion. All friends of the family are invited to be present.

The remains may be viewed this morning from 10 until 1 o'clock, at the residence of her daughter, Mrs. George Flater, 42 East Fourth South.

It pays to advertise.
